Trading room services

Since 1990, B.E.E.P. has gained extensive expertise in trading room services. Obtaining expertise in the trading room environment is not an easy assignment, it took years of working, talking, and learning with traders, business managers, and colleagues. B.E.E.P. consultants continue to attend many seminars and training programs, in London, New York and elsewhere, in order to keep the professional skills of the B.E.E.P. members up to date.

The expertise with which can help you is built around 4 pillars:

- market data,
- market connectivity & STP,
- application support,
- helpdesk knowledge & organisation.

In each of these pillars, B.E.E.P. works with dedicated consultants and achieves a highly rated level of customer satisfaction. The specialist members of B.E.E.P. have up to 20 years experience in their field and work at the forefront of the industry.

More expertise

Additionally B.E.E.P. can call on the worldwide expertise of partners such as MADURA ASSOCIATES Inc. (MAI) and Euro Market Data ltd.

Resources

B.E.E.P. can help you obtain the necessary skilled resources for your organisation in all of these domains. Our specialist consultants can take over some tasks completely or partially, in order to strengthen your organisation, - be it for a short project or for an extended period. This will give you the organisational flexibility and assurance, that you have access to the right skills at the right time for the right price.

B.E.E.P will guarantee you the service level you were always looking for!

How can we help you?

If you want to find out how B.E.E.P. can help you, please contact:

Stefan Schippers, +32 475 41 44 39 or by mail: Stefan.schippers@beep.be .
